### DARWIN AND BREEDER TULIPS

10 each of 15 fine kinds, our selection, each variety packed separately and labeled with its proper name.

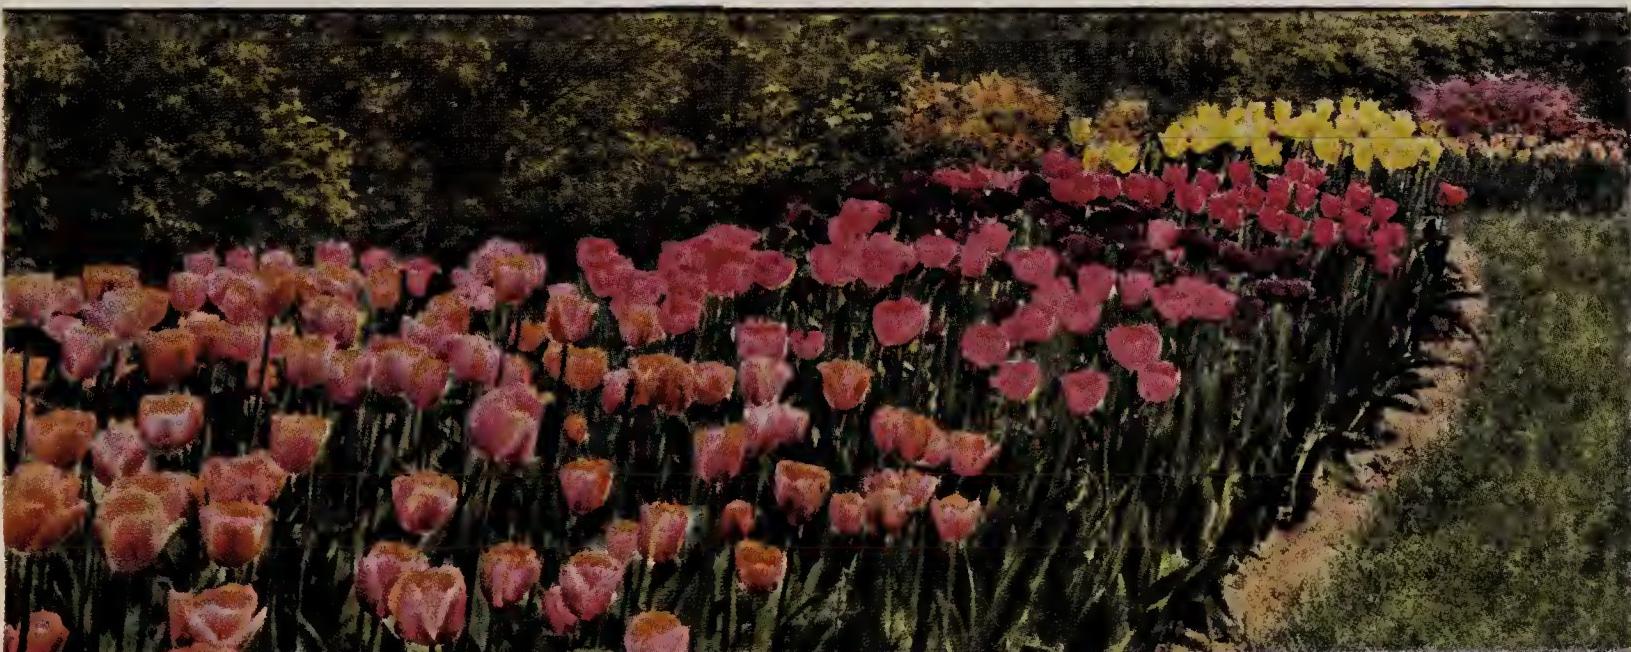

**150 Splendid Bulbs for \$7.45**

The purpose of this Collection is to introduce HART & VICK bulbs to you so that you may see right in your own garden the splendid results you will have from bulbs of this quality and size.

### *Fantasy Tulip*

This illustration shows the magnificent beauty of this unusual Parrot Tulip.

3 for 50c; \$1.75 per doz.; 25 for \$3.25; \$12 per 100

# Holland Growers Cable That Bulbs Were Never Better

A CABLE MESSAGE received on July 12 from our bulb-growers in Holland said that the first digging of bulbs had begun. All indications pointed to an unusually fine quality—probably never better, and seldom equaled. This means that Tulips, Hyacinths, Crocus, and other bulbs will be clean, plump, solid, and “over-sized”—but, fortunately for our friends, the bulbs will not be “over-priced.”

For some years past, a few growers of Holland bulbs have sent to this country a grade of bulbs known as “Seed-house Size.” These would not be termed “culls,” but by no means can they be considered first quality—yet when the American gardener gets them he pays just about as much as we ask for the largest select bulbs.

We have purchased bulbs for years from one or two of the most reliable growers in Holland. They tell us that we are one of the very, very few seedsmen who demand such high standards in the bulbs bought. They are the pick of the field in size and solidity, equal in every respect to the bulbs imported by critical florists for forcing in the greenhouse. Such bulbs are furnished for the famous plantings in Rochester’s public parks and private grounds; we have supplied them for beds of 5000 and more of *one* color, and they have come true. We ship them to critical buyers in every state in the Union, and our customers express the greatest satisfaction.

We continue our policy of supplying bulbs in quantities of three or more, as this gives a better color effect than a single bulb, and also permits you to compare varieties and participate in floral exhibits where more than one flower is required.

Paper-White Narcissi. See page 14

Chinese Sacred Lily. See page 14

## BULBS THAT ARE BEGGING TO BLOOM IN YOUR GARDEN

FROM all of the varieties listed in this Catalogue we suggest that you try these sixteen items. You want to know the new things, be able to talk about them, and tell your friends about them—and have them in the garden. Descriptions and prices will be found on the Tulip pages, but you must see the flowers to know just how good they are.

### DOUBLE TULIP

Oliver Curwood

### BREEDER TULIP

Medea

### DARWIN TULIPS

American Beauty  
Rudolph Valentino

The Bishop  
Yellow Giant  
Zwanenburg

### MULTIFLOWERED HYACINTHS

"Many-flowered" is a better title than the correct name of Multiflorus. It is a marvelous bloomer, often having six to eight (and sometimes ten) spikes of bloom from one bulb. The flowers are fragrant, good size, and can be brought to perfection indoors in January, or in spring in the garden. We have six colors—and you should have them all.

Pink, Rose, Light Blue, Dark Blue, Yellow, White. 40 cts. each; 3 for \$1; \$3.75 per dozen; \$27.50 per 100.

### PARROT TULIP

### LILY-FLOWERED TULIP

Alaska

### COTTAGE TULIPS

Argo	Dido
Ambrosia	Rosabella
Carrara	Vesta

### PLANTING TABLE FOR PLANTS AND BULBS

**PLANTING.** The table below shows the number of plants or bulbs required to fill a circular bed of the dimensions given. In planting, begin at outside row—where 6 inches apart, 3 inches from edge of bed; where 12 inches apart, 6 inches from edge of bed. It is customary among professionals in planting a bed to set the plants or bulbs somewhat closer together in the two outer rows, giving more space between each plant or bulb toward the center of the bed.

A square bed will take about the same number of plants. For an oval bed, add length and breadth and divide by 2. For example, an oval 9 feet long by 7 feet wide will require the same number of plants as a circular bed 8 feet in diameter.

Diameter of bed	6 in. apart	12 in. apart	18 in. apart	Diameter of bed	6 in. apart	12 in. apart	18 in. apart
3 feet	28	7		12 feet	452	113	50

Afterglow

Rev. H. Ewbank

City of Haarlem

## HART & VICK'S SUPERB DARWIN TULIPS

THE flowers of this class open in late May, and are carried on long, straight stems. Planted in clumps of a dozen or more, their brilliancy will light up the garden at a time when color is at a premium. The bulbs may remain in the ground for several seasons and will spring into growth and bloom when the sun warms the soil. Darwins are now the most popular of all Tulips.

	Per 100	For 25	For 12	For 3
Afterglow. Rose and orange, flushed with salmon-pink. Resembles in many ways the Breeder Tulips. Height, 28 inches.....	\$4 85	\$1 30	\$0 70	\$0 25
American Beauty. Cherry-rose, margined with soft rose. Extremely brilliant bloom. Height, 24 inches.....	4 45	1 20	65	20
Baron Von Goldstein. Scarlet-salmon. Unusually large flowers on stout stems. Height, 28 inches.....	5 45	1 45	75	25
Baronne de la Tonnaye. Rose-color, shading to almost white at the edges. Splendid for massing. Height, 30 inches.....	4 45	1 20	65	20
Bartigon. Fiery crimson; a pure white base is broadly ringed with deep blue. Height, 28 inches.....	4 00	1 10	60	20
Bleu Aimable. Outside of petals heliotrope-lilac; inside violet. Late bloomer. Height, about 30 inches .....	4 65	1 25	65	20
City of Haarlem. Warm red petals with steel-blue base shading to white. One of the largest red Darwins. Height, 30 inches.....	5 00	1 35	75	25
Clara Butt. Pure pink—a color that harmonizes with most of the darker varieties. Exceptionally good for growing in borders. Height, 28 inches...	4 00	1 10	60	20
Farncombe Sanders. Rosy red, shading to scarlet; white at base of petals. Among the most serviceable of the Darwin Tulips. Height, 24 inches...	4 45	1 20	65	20
King Harold. Ox-blood or purplish red with white base. A giant flower especially effective in large clumps.....	4 45	1 20	65	20

## DARWIN TULIPS, continued

	Per 100	For 25	For 12	For 3
King George V. Brilliant cherry-red, slightly tinged with blue at base of petals. Height, 28 inches.....	\$5 45	\$1 45	\$0 75	\$0 25
La Tulipe Noire. The black Tulip of Holland. Rich velvety black-maroon. Height, 28 inches.....	4 85	1 30	70	25
Madame Krelage. Soft pink, tinged with lilac. Splendid for the garden and for pot-culture. Height, 32 inches.....	4 45	1 20	65	20
Massachusetts. Rich pink, with lighter pink or even a white edge. One of the best of the pink Darwins. Height, 26 inches.....	4 45	1 20	65	20
Mrs. Potter Palmer. Bright purplish violet. A variety that ought to be in every collection of Darwins. Height, 26 inches.....	4 45	1 20	65	20
Pride of Haarlem. A sweet-scented, cherry-red variety that makes a remarkable showing when massed among shrubs or in borders. Height, 30 inches.....	4 45	1 20	65	20
Princess Elizabeth. Clear pink, growing darker as the flower ages. Height, 28 inches.....	4 45	1 20	65	20
Remembrance. Pale lilac petals having a silvery sheen. Stems erect and strong. Height, 25 inches.....	5 75	1 55	85	30
Reverend H. Ewbank. A soft lavender-violet, darkening to a mauve tone at the base of the petals. Height, 30 inches.....	4 45	1 20	65	20
Rudolph Valentino (Herodiade). A clear light pink or rose; petals rather thick and waxy. Height, 25 inches.....	5 00	1 35	75	25
Suzon. Light rose with dainty tones of buff, margined with blush at edges of petals. Height, 30 inches.....	5 00	1 35	75	25
The Bishop. Deep violet with white halo around the blue base. Height, 28 inches.....	9 00	2 50	1 35	40
Victory. Carmine-red, making a blaze of color in the garden. Extremely showy. Height, 28 inches.....	4 45	1 20	65	20
White Queen. White with undertone of pink. Height, 25 inches.....	5 00	1 35	75	25
William Copeland. A very light lavender, slightly shaded with rose, giving a lilac-rose tinge. Height, 22 inches.....	4 45	1 20	65	20
William Pitt. Dark crimson-scarlet, giving a purplish tone to the petals. A distinct color. Height, 24 inches.....	4 45	1 20	65	20
Yellow Giant. Clear canary-yellow. Massive flowers on stiff stems. Height, 30 inches.....	14 50	3 75	2 00	60
Zwanenburg. One of the very finest of the pure white Darwins. Height, 28 inches.....	5 45	1 45	75	25

*Superb Mixture of Giant Darwin Tulips*

This Special Mixture of Giant Darwin Tulips is made right here in our warehouse from 20 splendid named varieties, assuring you of a wide range of color. We recommend this splendid Mixture for we know you will be pleased with it.

**3 for 20 cts.; 55 cts. per dozen; 25 for \$1; \$3.85 per 100**

At such low prices the gardens of Rochester and vicinity should glow with the color of Darwin Tulips.

The National Flower Show will be held in Rochester, N. Y., April 14 to 22, 1934.  
Plan to attend this Greatest of all Flower Shows

A border of Single Early Tulips, in named varieties and selected colors, makes a wonderful show in the spring garden. At our extremely modest prices every garden can have at least a hundred of these flowers to greet the coming of spring

## Hart & Vick's Single Early Tulips

	Per 100	For 25	For 12	For 3
Brilliant Star. Bright vermillion-scarlet. An extra-early bloomer. Height, 15 inches . . . . .	\$4 45	\$1 20	\$0 65	\$0 20
Couleur Cardinal. Warm crimson-scarlet, with tinge of plum-color on the outer petals, creating a beautiful color combination. Strong stems make it especially good for bedding. Height, 12 inches . . . . .	4 75	1 30	70	25
Crimson Brilliant. A glowing crimson-scarlet variety that appears to fine advantage with Rising Sun. Height, 12 inches . . . . .	4 25	1 15	60	20
De Wet. Deep orange, marked with scarlet veins. One of the finest early Tulips for bedding. Height, 17 inches . . . . .	4 85	1 30	70	25
Flamingo. Rose-pink, resembling the American Beauty rose; white stripes on the crinkled petals. Height, 13 inches . . . . .	4 45	1 20	65	20
Fred Moore. Bright orange with scarlet shading. May be grown in the garden and for forcing. Height, 12 inches . . . . .	4 25	1 15	60	20
Goldfinch. Pure golden yellow. Blooms remain in good condition for many days. Height, 14 inches . . . . .	4 85	1 30	70	25
Ibis. Rose-color, marked with white—much deeper than Flamingo. Height, 14 inches . . . . .	4 45	1 20	65	20
Keizerskroon. Bright red with edging of yellow. One of the most popular Early-flowering Tulips. Height, 14 inches . . . . .	4 85	1 30	70	25
La Reine Maxima. White with flush of rose. Especially beautiful with lavender varieties. Height, 14 inches . . . . .	5 00	1 35	75	25
Pink Beauty. A vivid pink bloom carried on a strong stem. Splendid for the garden and equally good for forcing. Height, 12 inches . . . . .	5 35	1 40	75	25
Prince of Austria. Orange-scarlet with markings of yellow at base of each petal. Strong, stiff stems. Height, 15 inches . . . . .	4 45	1 20	65	20
Rising Sun. An exceptionally fine golden yellow Tulip. Flowers large, making a superb showing in the garden. Height, 16 inches . . . . .	4 45	1 20	65	20
Rose Luisante. Rose-pink blooms, especially effective against a background of green. May be used for forcing. Height, 12 inches . . . . .	4 45	1 20	65	20
Van der Neer. Brilliant violet-purple—an unusual color. Blooms on stiff stems. Height, 12 inches . . . . .	4 75	1 30	70	25
Yellow Prince. Clear yellow. Large flowers, and equally good for the garden or forcing. Height, 10 inches . . . . .	4 85	1 30	70	25

### HART & VICK'S SINGLE EARLY TULIPS IN MIXTURE

A selection from all the preceding varieties, giving a wide range of color that will please you.  
3 for 20 cts.; 60 cts. per dozen; 25 for \$1.10; \$4 per 100; \$37.50 per 1000

## TRIUMPH TULIPS IN SELECT MIXTURE

A new race of Tulips lately introduced to the American trade, and blooming about ten days earlier than the Darwins. Their wealth of color is almost indescribable. The bulbs in Hart & Vick's Mixture of Triumph Tulips are imported directly from our growers in Holland. 3 for 20 cts.; 60 cts. per dozen; 25 for \$1.10; \$4.25 per 100.

## BIZARRE TULIPS

In this class the ground-color is yellow and the petals are marked with varicolored stripes. Effective in masses. Mixed colors, 3 for 30 cts.; 90 cts. per dozen; 25 for \$1.75; \$6.75 per 100.

## BYBLOEM TULIPS

An old and familiar class of Tulips, yet always popular. The ground-color is white, carrying stripes of various tints. Mixed colors, 3 for 30 cts.; 90 cts. per dozen; 25 for \$1.75; \$6.75 per 100.

## REMBRANDT TULIPS

Similar in form to Darwin Tulips, but are particularly adapted to massing on account of their brilliant colors. Mixed colors, 3 for 30 cts.; 90 cts. per dozen; 25 for \$1.75; \$6.75 per 100.

## THREE TULIP NOVELTIES

**Monsieur Mottet.** The new bunch-flowered or multiflowered Tulip. Often has five flowers on a single stem. The color at first is snowy white; after a day or two it is flushed with a lovely soft pink. On some flowers the outer edge may be marked with red or maroon. A decorative and charming variety. 3 for 25 cts.; 75 cts. per dozen; 25 for \$1.40; \$5.35 per 100.

Monsieur Mottet Tulips

**Sirene.** Lily-flowered Tulip. Cherry-rose with pure white base. Splendid for cutting. Height, 32 inches. 3 for 25 cts.; 75 cts. per dozen; 25 for \$1.35; \$5 per 100.

**Alaska.** A pure yellow Lily-flowering Tulip. In form the bloom is unusually long. 3 for 35 cts.; \$1.25 per dozen; 25 for \$2.25; \$8.75 per 100.

## TULIPS FOR ROCK-GARDENS

These four varieties can be used to distinct advantage in modern rock-gardens. They are low growers, free bloomers, and perfectly hardy.

**Clusiana.** The "candy-stick" Tulip, so called because of the markings of cherry-rose and white, and the long form of the flower. Should be planted freely for best effect. Height, 10 inches. 3 for 30 cts.; 95 cts. per dozen; 25 for \$1.75; \$6.75 per 100.

**Eichleri.** Fiery scarlet with glistening black center. Height, 11 inches. 3 for 30 cts.; 95 cts. per dozen; 25 for \$1.75; \$6.75 per 100.

**Kaufmanniana.** Creamy white with carmine tint on outside; center yellow. Very early bloomer. Height, 6 inches. 3 for 30 cts.; 95 cts. per dozen; 25 for \$1.85; \$7 per 100.

**Marjoletti.** Pale yellow with scarlet outer petals. Height, 10 inches. 3 for 30 cts.; \$1 per dozen; 25 for \$1.90; \$7.25 per 100.

Cardinal Manning

Louis XIV

Lucifer

## HART & VICK'S BREEDER TULIPS

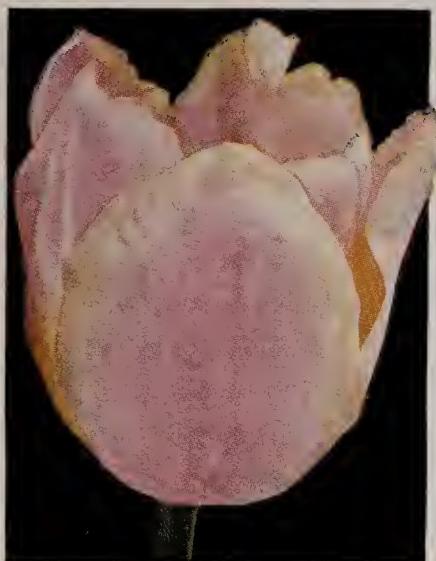

A DISTINCT and pleasing surprise awaits you if you have never grown Breeder Tulips in your garden. They are remarkable both in size and in variety of colors. The long stiff stems, frequently 40 inches in height, carry flowers of bronze and violet, rich orange, yellow, mahogany, deep purple, and combinations of these colors. The flowers open a little later than the Darwins, thus continuing the Tulip season.

	Per 100	For 25	For 12	For 3
Apricot. Bronzy buff, shaded with apricot tones; chrome-yellow base; chestnut-red on the inside petals. Height, 25 inches.....	\$ 5 45	\$ 1 45	\$ 0 75	\$ 0 25
Bacchus. Dark violet-blue on the outside of the petals and much lighter inside. A magnificent variety, and the nearest of all to a true blue. Height, 28 inches.....	5 45	1 45	75	25
Bronze Queen. Combination of purplish fawn and buff-yellow, with a slight lemon-yellow base. Height, 28 inches.....	4 65	1 25	65	20
Cardinal Manning. Bishop's purple, flushed with rosy bronze, which changes to almost pure orange at the edge, giving a wine-red tone. Height, 34 inches.....	4 65	1 25	65	20
Copernicus. Deep coppery bronze, tinted with old-rose; inside brown with yellow base. Height, 27 inches.....	5 00	1 35	75	25
Dom Pedro. Dark coffee-brown petals, marked with cadmium-yellow on the outside and a distinct reddish mahogany on the inside. Cup-shaped flower filled with perfume. Height, 27 inches.....	5 00	1 35	75	25
Golden Bronze. Light brownish yellow, flushed with heliotrope; interior mahogany-brown. Height, 24 inches.....	5 35	1 40	75	25
Jaune d'Œuf (Sunrise). Reddish apricot with yellow edge, slightly flushed with pale purple. Height, 28 inches .....	5 00	1 35	75	25
Louis XIV. A royal variety. Globe-shaped, and a magnificent dark bluish violet, flushed with bronze and edged with gold. Height, 32 inches.....	5 00	1 35	75	25
Lucifer. Outside of petals dark orange tinged with rose; interior scarlet-orange with circular base of yellow. Height, 30 inches.....	5 75	1 55	85	30
Medea. Salmon-carmine-pink. One of the largest of the Breeder Tulips. Height, 28 inches .....	4 85	1 30	70	25
Panorama (Fairy). Rich chestnut-red or orange and mahogany. Height, 26 inches.....	4 65	1 25	65	20
Prince of Orange. Terra-cotta, edged with orange-yellow and streaked with olive at the base. Height, 26 inches.....	5 45	1 45	75	25
Professor Schotel. Soft lavender-violet, edged with gray-lavender; white base marked with blue. Unusually large. Height, 28 inches.....	5 75	1 55	85	30
St. James. Dark lavender, edged with bronze; yellow and green base. A superb variety for mass display. Height, 30 inches.....	4 65	1 25	65	20
Velvet King. Royal purple with well-defined white base; center marked with yellow. A showy cup-shaped bloom. Height, 31 inches.....	5 45	1 45	75	25
Vulcan. Reddish apricot, with a margin of buff-yellow and interior of dark apricot edged yellow. Height, 24 inches.....	5 75	1 55	85	30
Yellow Perfection. A distinctly beautiful bronze-yellow with golden yellow edge and yellow base marked with green. Height, 26 inches.....	4 65	1 25	65	20

### EXHIBITION MIXTURE OF BREEDER TULIPS

This Mixture is prepared in our own warehouse and includes most of the named varieties, thus giving a wide range of color. You may be sure that the bulbs in this mixture are of the same high quality that you secure from the named sorts.

3 for 20 cts.; 65 cts. per dozen; 25 for \$1.15; \$4.25 per 100; \$40 per 1000

Rosabella

Moonlight

John Ruskin

## HART & VICK'S COTTAGE TULIPS

THESE beautiful Tulips have now become very popular. Their habit is graceful, the blooms being carried on long, stout stems, and their colors are exceedingly brilliant. They flower at a time when hyacinths, daffodils, and Early Tulips are over, and before the summer bedding plants are in bloom. Best planted in borders or between shrubs, not in beds, for they are not through flowering when the bedding plants require setting in. Try a clump of the yellow May-flowering Tulips beside one of the lavender or purple Darwins or Breeders.

	Per 100	For 25	For 12	For 3
Ambrosia. Inside of flower salmon-orange, marked with yellow and green at the base; outside of petal lilac-rose. The bloom carries a delightful perfume. Height, 25 inches.....	\$ 5 75	\$ 1 55	\$ 0 85	\$ 0 30
Argo. A popular variety in the Bronx Botanical Gardens. The color varies from pure yellow to yellow, with red edges and red markings. A most desirable novelty. Height, 26 inches.....	5 00	1 35	75	25
Carrara. As white as the snow of midwinter; petals fold over, forming a cup, like a snowball, opening only on sunny days. Height, 26 inches.....	7 00	1 85	95	30
Dido. Coral-pink marked with light orange on outside of petals; the inside is marked with green and yellow. Flowers extra large. Height, 28 inches..	6 00	1 65	90	30
Fairy Queen. Soft rosy lilac, carrying also tones of light heliotrope. One of the finest Cottage Tulips. Height, 20 inches.....	4 65	1 25	65	20
Gesneriana Spathulata. Rich ruby-crimson, with a blue base. A magnificent variety for bedding. Height, 24 inches.....	5 35	1 40	75	25
Grenadier. Dazzling orange-red, with yellow markings at base of petals. Will make a high spot in the color-scheme. Height, 21 inches.....	5 40	1 45	75	25
Inglescombe Pink (Salmon Queen). Salmon-pink. Height, 24 inches.....	4 65	1 25	65	20
Inglescombe Yellow. Canary-yellow, occasionally with crimson lines on the edge. Height, 21 inches.....	4 65	1 25	65	20
John Ruskin. Apricot-orange, shaded rose and lilac, and margined with lilac. Long, oval flowers. Height, 16 inches.....	5 00	1 35	75	25
Miss Ellen Willmott. Yellow. Petals reflexed. Fragrant. Height, 18 inches.	5 35	1 40	75	25
Moonlight. A lovely pale yellow—possibly the best of the light yellows. Height, 25 inches.....	5 45	1 45	75	25
Mrs. Moon. One of the newer varieties. Flowers large, pure yellow, and extremely attractive.....	4 45	1 20	65	20
Orange King. Rose, flushed with orange and scarlet—a color combination emphasized by the black anthers. Sweet scented. Height, 22 inches....	4 65	1 25	65	20
Rosabella. Salmon-rose. One of the new varieties that was awarded a First Class Certificate. Height, 21 inches.....	5 45	1 45	75	25
Shandon Bells. Creamy yellow, flushed with pink or blush. Height, 18 inches.	4 45	1 20	65	20
Vesta. Pure white, with black filaments. Long stems. An excellent early variety that has received awards of merit from foreign societies .....	6 00	1 65	90	30
Yellow Picotee. Creamy yellow, margined with pink; as the flowers open the pink margin widens until it flushes the entire bloom. Height, 20 inches.	5 00	1 35	75	25

### HART & VICK'S MIXTURE OF SUPERB COTTAGE TULIPS

All the colors known in the Cottage Tulip group are in this Mixture. Big, solid, blooming bulbs that will give a riot of color.

3 for 20 cts.; 55 cts. per dozen; 25 for \$1; \$3.85 per 100; \$37.50 per 1000

## Hart & Vick's Double Early Tulips

	Per 100	For 25	For 12	For 3
Bleu Celeste (Blue Flag). Soft violet-purple or violet-blue flowers late in the spring. Height, 14 inches.....	\$8 75	\$2 25	\$1 25	\$0 35
Boule de Neige. Very large creamy white flowers. Height, 12 inches .....	5 75	1 55	85	30
Couronne d'Or. Deep yellow with a flush of orange. A very good bedding variety. Height, 11 inches.....	5 45	1 45	75	25
Electra. An exceptionally large and beautiful flower. Rose or soft carmine-pink, with flashings of violet. Height, 10 inches.....	5 35	1 40	75	25
Imperator Rubrorum. Brilliant scarlet; 4 inches across. Height, 11 inches..	5 75	1 55	85	30
Mr. Van der Hoef. Possibly the finest golden yellow, double Tulip. The flower is unusually large, with petals ruffled and fluted. Readily grown in pots for blooming at Eastertime. Height, 10 inches.....	5 35	1 40	75	25
Murillo. Soft pink or rosy white, with white markings. An unusually beautiful variety for bedding. Height, 11 inches.....	4 65	1 25	65	20
Mystery of India. A distinctly unusual novelty, carrying color-tones of pink, orange, apricot, and lavender-gray. Medium early. Height, 14 inches..	5 75	1 55	85	30
Oliver Curwood. Scarlet-red, bordered with bright yellow. Of the Murillo type. Height, 11 inches.....	8 75	2 25	1 25	35
Peach Blossom. Bright pink, flushed with white. Attracted great attention at the recent International Flower Show. Height, 12 inches.....	5 35	1 40	75	25
Toreador. Bright scarlet, margined with buff-yellow. Height, 11 inches .....	5 75	1 55	85	30

### HART & VICK'S DOUBLE TULIPS, MIXED

All the above varieties and others in a select Mixture. 3 for 20c.; 55c. per dozen; 25 for \$1; \$3.85 per 100

## PARROT TULIPS

BY ALL MEANS you should have some of these distinctly unusual Tulips. They are especially suitable for cutting, lasting several days under normal house conditions. All of the Parrot Tulips are most effective when grown in front of evergreens, or low-growing shrubs that will be in foliage in the spring.

**Fantasy.** Distinguished above all other varieties because of the straight, strong stems. The flower itself differs somewhat from other Parrots, having deeply cut petals. Its color is brilliant salmon-rose, marked with much lighter tones. Height, 22 inches. 3 for 50 cts.; \$1.75 per dozen; 25 for \$3.25; \$12 per 100.

**Sundew.** Pictured in colors on the back cover. Bright rose-scarlet, with blue base; petals fringed. Height, 18 inches. 3 for 25 cts.; 75 cts. per dozen; 25 for \$1.35; \$5 per 100.

**Mixed Varieties of Parrot Tulips.** 3 for 25 cts.; 75 cts. per dozen; 25 for \$1.35; \$5 per 100.

Double Tulip, Couronne d'Or

## Hart & Vick's Supreme Hyacinths

**H**YACINTH bells ring in the advent of spring. The colors, the fragrance, and the tall spikes make these flowers of prime importance in the garden border or for mass planting in large beds. Likewise, they may easily be grown in pots for indoor blooming.

### EXHIBITION-SIZE HYACINTHS

These are selected bulbs coming directly to us from Holland bulb-gardens. They are sure to produce large spikes whether in the open ground or indoors.

25 cts. each; 3 for 65 cts.; \$2.25 per dozen;  
25 for \$4; \$15.50 per 100

**Bismarck.** Sky-blue. A broad, compact spike.

**City of Haarlem.** Pure yellow. Large spikes. One of the very best yellows.

**Duke of Westminster.** Bells deep purplish blue, with a white center. One of the newer varieties.

**Gertrude.** Rosy pink. Large bells on a compact truss.

**Grand Maitre.** Deep lavender-blue. Extra-large truss.

**King of the Blues.** Dark blue bells, opening later than the other blues.

**L'Innocence.** Pure white. Equally good for the garden and for growing indoors.

**La Grandesse.** Pure snowy white bells. One of the finest exhibition varieties.

**La Victoire.** Deep carmine-rose. Most effective when used in groups of a dozen or more.

**Lady Derby.** Bright rose-pink. Very large and extra good for potting.

**Queen of the Blues.** Pale sky-blue bells carried on long, compact spikes. Fragrant.

**Queen of the Pinks.** A long spike literally covered with rosy pink bells.

### LARGE-SIZE HYACINTHS

These bulbs are especially adapted for growing in pots or in glasses for indoor blooming. They may also be used in beds or borders where showy flowers are wanted for general display. The varieties are the same as those listed under the Exhibition-size Bulbs, but we are able to offer them at a little lower price.

20 cts. each; 3 for 50 cts.; \$1.85 per dozen;  
25 for \$3.50; \$14 per 100

### HYACINTHS FOR BEDDING

These special-size bulbs are furnished in separate colors or massed. They are practically the same as the large-size bulbs, but are imported for bedding purposes rather than for growing under variety names. We offer them in six separate colors as follows:

Dark Blue	Pink	White
Light Blue	Red	Yellow
All Colors Mixed		

12 cts. each; 3 for 30 cts.; \$1.10 per dozen;  
25 for \$1.95; \$7.50 per 100

### *A Good Lawn Comes from Seed Sown in the Fall*

Expert gardeners advise making the lawn in September and October, when days are cool and fall rains supply moisture.

**HIGHLAND PARK GRASS SEED** is used on the finest places in western New York. One pound will sow 300 square feet, or renew 500 square feet of old lawn.  $\frac{1}{2}$  lb. 25 cts.; lb. 40 cts.; 3 lbs. \$1.10; 5 lbs. \$1.85; 10 lbs. \$3.45; 25 lbs. \$7.85. Delivery charges paid by us.

Crocuses

### *Charming Bulbs for Rock-Gardens*

*Crocus zonatus, Fritillaria meleagris, Chionodoxa, Leucojum, Muscari, Scilla, Galanthus, Eranthis, and Tulips pictured below.*

## HART & VICK'S CROCUS

Golden yellow Crocus peeping through the lawn remind us that spring is right at hand. These flowers give the best effect when the bulbs are scattered carelessly over the lawn and then slipped under the sod where they fall. This gives a natural effect and is the most desirable way for using Crocus, although they are effective when used to border walks or grown in masses under shrubs and evergreens.

6 for 25 cts.; 45 cts. per dozen; 25 for 80 cts.; \$3 per 100; \$27.50 per 1000

**Golden Giant.** Pure yellow. Extremely large flowers.

**Queen of the Blues.** Giant flowers of porcelain blue.

**Mont Blanc.** An extra-fine pure white Crocus; large blooms.

**Purpurea grandiflora.** Deep glossy purple; extra large.

**Sir Walter Scott.** White, striped with pale lilac.

### CROCUS IN SEPARATE COLORS

These are grown especially for mass plantings and naturalizing. We have them in separate colors and mixed.

6 for 20 cts.; 35 cts. per dozen; 25 for 60 cts.; \$2.25 per 100; \$20 per 1000

Blue  
White

Striped  
Yellow

Mixed

### CROCUS ZONATUS

A species of Crocus that blooms in autumn. It is a novelty for the rock-garden or for borders. It may also be bloomed indoors, like Paper-White Narcissus, by setting in bowls of water and pebbles. The flower is rosy lilac, with yellow center and a zone of orange. 40 cts. per dozen; 25 for 75 cts.; \$2.75 per 100; \$25 per 1000.

## MISCELLANEOUS BULBS

### ANEMONE

**St. Brigid.** Semi-double flowers with a wide range of rich colors but all having a handsome blue-black central boss. Flowers the largest of this type. 6 for 40 cts.; 75 cts. per dozen; 25 for \$1.35; \$5 per 100.

### AMARYLLIS

**Mead's Famous Strain.** Blooms exceed in size and form the older types. Coloring brilliant and in many shades. Rated as the finest of the later introductions. Giant bulbs, 65 cts. each; 3 for \$1.75; \$6.50 per dozen.

### CALLA LILIES

Readily grown in a sunny window, needing no care; water abundantly. Pot in rich soil.

**Æthiopica** (Lily-of-the-Nile). The familiar white Calla. Extra-large blooming roots, 35 cts. each; \$3.50 per dozen; \$25 per 100.

**Elliottiana.** The Yellow Calla, with large, deep golden yellow blooms from 4 to 5 inches across. Foliage spotted with white. Extra-large blooming roots, 40 cts. each; \$4 per dozen; \$30 per 100.

### LILY-OF-THE-VALLEY

Forcing pips ready November 1. 25 pips for \$1.25; \$4.50 per 100; \$40 per 1000.

Tulipa Kaufmanniana

Tulipa Eichleri

Tulipa Clusiana

### THREE ATTRACTIVE TULIPS FOR THE ROCK-GARDEN

*For descriptions and prices see page 7*

Chionodoxa luciliae

Blue Grape Hyacinths

Scilla sibirica, Blue

## FREESIAS

Easily grown indoors and bloom readily during the winter months. Potted bulbs should be kept in a cold, dark place until the roots are formed, then brought to a sunny window. The trumpet-shaped flowers are deliciously fragrant and may be cut in long sprays.

**25 bulbs at the 100 rate**

**Improved Purity.** The white flowers are very much larger and the spray is longer than the old Purity.

1000      100      Doz.

Medium-size bulbs.....	\$27.50	\$3.00	\$0.40
Mammoth bulbs.....	37.50	4.00	55

**Golden Daffodil.** Deep golden yellow flowers. Stems long and strong. Unquestionably the best yellow Freesia. 85 cts. per dozen; \$6 per 100.

**Splendens.** Beautiful large-flowering pure lavender. 65 cts. per dozen; \$4.50 per 100.

**Wisteria.** Famous for the wisteria-blue color of its flowers. 65 cts. per dozen; \$4.50 per 100.

**Rainbow Mixture** selected from the very best of the colored Freesias. 65 cts. per dozen; \$5.50 per 100.

## FRITILLARIA

**Imperialis** (Crown upon Crown). Bell-shaped flowers of rich carmine-red. The blooms come in April on rather low-growing plants. They may be potted for forcing into bloom for winter house decoration. 50 cts. each; 3 for \$1.45; \$5.50 per dozen.

**Meleagris** (Guinea-Hen Flower). Flowers with white ground, striped and mottled with brown, purple, and yellow. 6 for 30 cts.; 55 cts. per dozen; 25 for \$1; \$3.75 per 100.

## GLORY-OF-THE-SNOW

**Chionodoxa luciliae.** An early-flowering bulb that should be grown in large masses for best effect. The brilliant sky-blue flowers, with a white center, are extremely effective with snowdrops. They may be planted freely on the lawn or used among shrubbery. 6 for 25 cts.; 40 cts. per dozen; 25 for 75 cts.; \$2.75 per 100; \$25 per 1000.

## SPRING SNOWFLAKE

**Leucojum vernum.** Flowers pure white, coming early in the season. The foliage is very light green, almost white, and bordered with dark green. 3 for 30 cts.; 85 cts. per dozen; 25 for \$1.50; \$5.85 per 100.

## GRAPE HYACINTHS (Muscari)

In days gone by these were commonly called Baby's Breath. The blooms resemble those of the Hyacinth, but the bunches on the stem remind one of grapes. They are splendid for naturalizing and increase rapidly.

**Botryoides alba** (White Grape Hyacinth). 6 for 35 cts.; 60 cts. per dozen; 25 for \$1.10; \$4 per 100; \$37.50 per 1000.

**Heavenly Blue.** The very finest of the family. Flowers light blue, fragrant, and showy. 6 for 25 cts.; 45 cts. per dozen; 25 for 80 cts.; \$3 per 100; \$27.50 per 1000.

**Armeniacum.** Large flowers of deep cobalt-blue. 6 for 35 cts.; 65 cts. per dozen; 25 for \$1.25; \$4.75 per 100; \$45 per 1000.

## SCILLAS

Early spring-flowering bulbs that do well in almost any place. They cost so little that they may be enjoyed in every garden. The Campanulata varieties thrive under pine trees.

**6 for 30 cts.; 50 cts. per dozen; 25 for 90 cts.; \$3.25 per 100; \$30 per 1000, except as noted**

**Sibirica, Blue.** Flowers bright blue, forming a blue carpet when grown in quantities.

**Campanulata, Blue Queen.** Bell-shaped flowers and possibly the best for naturalizing.

**Campanulata, Rose Queen.** Rose-pink, blooming a little later than Sibirica. 6 for 30 cts.; 55 cts. per dozen; 25 for \$1.05; \$3.85 per 100; \$36.50 per 1000.

**Campanulata, White.** Large white flowers.

## SNOWDROPS

**Galanthus elwesii.** Giant-flowered white Snowdrop with petals tipped green. One of the earliest spring flowers. 6 for 30 cts.; 50 cts. per dozen; 25 for 90 cts.; \$3.50 per 100; \$32.50 per 1000.

**Galanthus nivalis fl.-pl.** Double flowers of pure white. 3 for 15 cts.; 60 cts. per dozen; 25 for \$1.10; \$4.25 per 100; \$40 per 1000.

## WINTER ACONITE

**Eranthis hyemalis.** May be grown in shady spots under trees and increases rapidly, making a delightful ground-cover in early spring. The flowers are buttercup-yellow with a frilled collar of green on stems about 3 inches long. Set the bulbs about 2 inches deep. 6 for 25 cts.; 40 cts. per dozen; 25 for 75 cts.; \$2.75 per 100; \$25 per 1000.

# HART & VICK'S NARCISSI OR DAFFODILS

SINCE the importation of Daffodil bulbs ceased on account of the embargo, American industry has proved that Daffodil bulbs can be grown as well in America as in Holland or in France. We are no longer dependent on Europe for a supply of first-quality bulbs. Our supply this year is as fine as can be grown—large, double-nose, producing flowers of exhibition size.

**Alba plena odorata.** Double White Poeticus. A delightful, sweet-scented variety for garden, for naturalizing, and for cutting...  
**Elvira (Poetaz).** Three to four large pure white flowers, with a cup of golden yellow edged with orange. Delicately fragrant.....  
**Emperor.** Large yellow trumpet and deep primrose perianth. Equally good for garden or house culture.....  
**Empress (Bicolor).** Trumpet yellow, with sulphur-white perianth..  
**Evangeline (Leedsi).** Pure white perianth and lemon-yellow cup...  
**Firebrand (Barri).** Creamy white perianth with intensely brilliant scarlet, fluted cup. Desirable for naturalizing.....  
**King Alfred.** Extra-large, golden yellow trumpet, deeply frilled at the end, and recurved.....  
**Laurens Koster (Poetaz).** Pure white perianth and deep orange-yellow cup.....  
**Lucifer (Incomparabilis).** White perianth and cup of an intense orange-red. A splendid garden variety.....  
**Olympia.** Brilliant yellow trumpet and pale yellow perianth. An enormous flower desirable for garden and indoor growing.....  
**Poeticus ornatus.** Pure white perianth and broad white cup with scarlet edge.....  
**Poeticus recurvus (Pheasant's Eye).** Pure white perianth and a deep orange-red cup. The most popular variety for naturalizing....  
**Robert Sydenham.** Sulphur-yellow; wide-open trumpet with frilled edge.....  
**Sir Watkin (Incomparabilis).** Pale sulphur-yellow perianth and deep yellow cup, tinged with orange.....  
**Von Sion.** Double Daffodil. Flowers golden yellow.....  
**White Lady (Leedsi).** Clear white perianth; cup canary-yellow, crinkled edges.....

**HART & VICK'S MIXED NARCISSI.** A special Mixture adapted for massing in the garden, for borders, or for planting among evergreens and shrubs.

3 for 20 cts.; 60 cts. per dozen; 25 for \$1.10; \$4 per 100

## PAPER-WHITE NARCISSI

Great bunches of pure white flowers are quickly produced in the house. Simply set the bulbs in a bowl of pebbles and water, or in bulb fibre. By starting bowls every two to three weeks, from October until March, you can have blooms all winter. Giant-sized bulbs (15 to 16 centimeters), 3 for 20 cts.; 75 cts. per dozen; 25 for \$1.40; \$5 per 100.

## "GOLDEN SUN" NARCISSUS

Narcissus Soleil d'Or has great clusters of flowers, showing clear yellow perianth and bright orange cup. It can be grown in water as easily as Paper-White, and a half-dozen bulbs will fill a 6-inch bowl. Extra-large bulbs (15 to 16 centimeters), 20 cts. each; 3 for 50 cts.; \$1.90 per dozen; \$14 per 100.

King Alfred

## CHINESE SACRED LILY

Similar to the Paper-White Narcissus, but with yellow center. 20 cts. each; 3 for 50 cts.; \$1.90 per dozen; 25 for \$3.60; \$14 per 100.

## JONQUIL

These old garden flowers are prized everywhere. A clump will increase from year to year and be a source of endless satisfaction.

**Campernelle giganteus.** Pure yellow; very fragrant. The very finest of all varieties. 10 cts. each; 3 for 25 cts.; 85 cts. per dozen; 25 for \$1.60; \$6 per 100.

Poeticus ornatus

# HART & VICK'S HARDY LILIES

All of these Lilies should be planted in the fall. However, some varieties come from Japan, and should the shipment be delayed, we will store the bulbs for you and deliver them in early spring.

	Per 100	For 12	For 3	Each
<b>Auratum</b> (Gold-banded Lily of Japan). Blooming in July and August, we consider this one of the finest of all Lilies. Its fragrant flowers are borne in great clusters. The color is delicate ivory-white, spotted with crimson and striped through the center of the petals with golden yellow.....	\$27 50	\$3 50	\$0 90	\$0 35
<b>Candidum</b> (Madonna or St. Joseph's Lily). The familiar snow-white Lily blooming in June. Flower-stems are from 3 to 4 feet high. The bulb is perfectly hardy and thrives in almost any soil. Should be planted about 2 inches deep. Our bulbs are giants from northern France.....	25 00	3 25	85	30
<b>Elegans</b> ( <i>L. atrosanguineum</i> ). Adapted to rock-gardens because of its low growth. Flowers dark red with crimson center. Plant 6 inches deep...	25 00	3 25	85	30
<b>Henryi</b> (Yellow Speciosum). Often 10 feet high. Flowers in loose spray, are of medium size, rich salmon-yellow, with deep green marking at the base of the inner petals. Last a long time after cutting.....	35 00	4 50	1 20	45
<b>Pardalinum</b> (Leopard Lily). Bright orange, spotted with dark crimson, similar to <i>L. tigrinum</i> . Plant 5 inches deep.....	30 00	3 90	1 10	40
<b>Regale</b> . The Royal Lily is one of the simplest varieties to grow in the garden. Its flowers are trumpet shaped, ivory-white, splashed and striped with pink and yellow. Plant 8 inches deep.....	25 00	3 25	85	30
<b>Speciosum album</b> . White, with a shading of green through the middle of each petal. Plant 8 inches deep.....	35 00	4 50	1 20	45
<b>Speciosum magnificum</b> . White, shaded with carmine and spotted with crimson. Adapted to garden and house culture. Plant 10 inches deep.....	30 00	3 90	1 10	40
<b>Superbum</b> (American Turk's-Cap Lily). A handsome native variety. Brilliant crimson flowers, spotted with yellow and brown. Blooms in mid-summer and is very showy. Plant 5 inches deep.....	20 00	2 75	75	30
<b>Tenuifolium</b> . Deep scarlet. Petals recurved. Thrives vigorously in rock-gardens and cool, moist soil. Blooms in June .....	20 00	2 75	75	30
<b>Tigrinum splendens</b> . The familiar Tiger Lily of the roadside. Flowers red-orange, with chocolate-maroon anthers. Plant 8 inches deep.....	12 00	1 65	50	20
<b>Tigrinum splendens flore-pleno</b> . Same as above but double flowers.....	20 00	2 75	75	30
<b>Umbellatum, Sappho</b> . In June it bears clusters of light orange flowers. Grows 2 feet high and should be planted 8 inches deep.....	25 00	3 25	85	30

## BERMUDA OR EASTER LILIES

**LILIUM HARRISI.** Of the *L. longiflorum* type, this variety produces long, tubular, pure white flowers in clusters of eight to ten on a stem. Readily forced for blooming at Easter-time. Giant bulbs, 40 cts. each; \$4 per dozen; \$30 per 100.

Lilium auratum

### LILIUM FORMOSUM.

Pure white, trumpet-shaped flowers not quite so large as the Bermuda Lily but equally beautiful. Blooms at Easter-time. Giant bulbs, 40 cts. each; \$4 per dozen; \$30 per 100.

### LILIUM GIGANTEUM.

Pure white flowers that may readily be brought to perfection for late winter and Easter blooms. Giant bulbs, 45 cts. each; \$4.50 per dozen; \$35 per 100.

Lilium regale

## A BEAUTIFUL BED OF ANNUAL LARKSPUR

Take a package of Annual Larkspur, one of Annual Gypsophila, and 2 quarts of finely pulverized garden soil, then thoroughly mix these three items, and just before the ground freezes sow in a prepared spot in the garden; you will have one of the most beautiful flower-beds you have ever seen.

**Annual Gypsophila.** Feathery panicles of tiny star-shaped flowers. Blooms quickly from seed. Pkt. 10 cts.; oz. 25 cts.;  $\frac{1}{4}$ lb. 85 cts.

**Annual Larkspur.** Scarlet, White, Shell-Pink, Lilac, Rose, and Dark Blue Mixed. Pkt. 10 cts.;  $\frac{1}{4}$ oz. 20 cts.;  $\frac{1}{2}$ oz. 35 cts.

### FOUR NEW LARKSPURS

**La France.** New; salmon-pink.

**Exquisite.** Soft pink.

**Imperial Blue Spire.** Oxford-blue.

**Imperial White Spire.** Pure white.

Each, pkt. 15 cts.; 2 pkts. 25 cts.; 1 pkt. each for 45 cts.

# AMARYLLIS

## Mead's Famous Strain

Enormous, lily-like blooms, profusely produced at the top of stout stems. The strap-like foliage is exceedingly handsome. Mead's Famous Strain produces the largest and most brilliantly colored flowers we have ever seen. The plants are exceptionally robust and vigorous. Huge flowers of dazzling scarlet, sometimes striped with white, and pink blooms of an intense vividness, shading to soft shades of tender rose and apple-blossom-white, may be expected. The bulbs should be potted in the autumn and kept in a warm, dark place until growth begins. Then they may be watered freely and brought to the light.

Giant Bulbs, 65 cts. each;  
3 for \$1.75; \$6.50 per doz.

## SUNDEW TULIP

An exceedingly handsome novelty is this new fringed Parrot Tulip. The color is intense scarlet-crimson on the inner surface of the petals, showing a most charming deep blue eye when expanded. The edges of the petals are beautifully frilled and fringed, giving the whole flower a most remarkable appearance. For best results they should be planted in a position which gets a little afternoon shade, in order to protect the delicate fringes from being damaged by too much sunshine. A few bulbs of this splendid novelty provide a most beautiful picture and an incident of the greatest interest.

3 bulbs for 25 cts.; 75 cts. per doz.;  
25 for \$1.35; \$5 per 100
